Providence, eminently successful, and ferritory was obtained, outside yourable terms, from the datirs king, sent their sons to be educated in this consent their sons to be educated in the and there was every reason to apticinate most flattering results. These satisfies the best most fully realized, and the counta, recently received, are such as a the heart with gladness and gratinde. The Emigrants from the United States had evered from the attack of fever, which is the loss of a single-individual. They had all who visit Africa are subject to, will the loss of a single-individual. They had been two and a half months on shore who house, the frame of which was sent from at country. They had also built too first a native dwellings for themselves, and had so menced the planting of cassada. No received well on the control them on their arrival; he more wission had been made for them; the very war was sent the carried them out, was sent to the carried them out. a result been exhibited; and truly is a cause for gratitude to Him, to whose in

> owing to too great exposure, in effecting to discharge of the vessel that carried out to the list advices of the 18th Apil, at was active v engaged in the presents of his duties. The Board have every tens intained, to which no objection on the sta

ing preparations to receive more eniminates fall. No news has been yet recent

In all this, the Board have had to assist payv responsibilities, and to make more esbenevolent societies. They have been spacequants tained by the knowledge that they did toled mances.) in vain; but that both Maryland and Africa would be benefitted to a vast extent by a success of Colonization as now present by the Society. The liberal appropriated the Legislature, which is applicable out the removal, and support in Alica of Emigrants, could not be looked to for seas to purchase the territory, and pit it has condition to receive coloured personals.

Maryland. This could only be done by liciting contributions from individuals of placing the Society among the benevolents stitutions of the day, relying for support of the generous and philanthropic feelings something

on the generous and philanthropic feeings the public.

Fo toe public do the Board of Manga now most earnestly appeal. Aid is nor d important; it is absolutely essential, to the the Board to advance a step finds. Without it, the good that has been effect only be obliterated; the Colony that has been effect only be obliterated; the Colony that has been effect. lanted may be exposed to hardships miss planted may be exposed to hardships arisk ferring.—the example, the bright engine that has been set, of dealing with the American, without that poision, rum, to desiry mowledge of the rights he is parting why will be lost—1 footbold for the white man the messenger of God's holy word, white on preach to the Heathen, and yet treathers to be abandoned—and Maryhad again full back to the hopeless condition has regard to her coloured population, in the lanization, was originated and present the public. Present aid is what is motting. The smallest contributions will be ne along to cepted most gratefully; and the Board to cepted most gratefully; and the Board use the train a crisis, like the present, what is amount of a few thousand dollars is ill as is required to secure the great benefit sid the new Colony holds out, all will be ref-to give, to assist in discharging the cett Africa and her people, which centaries is een accumulating over America. By etc.

ouccess is in of the Board.
